I see your face  
A desert I'm inside  
Lost in your eyes  
Where I can hide  
Where do we run  
Where do we run  
I know we're gone  
Like a shadow of a wing  
Burning of light  
Here in this night  
Where do we run  
Where do we run  
I came from within  
Like a shadow in the dusk  
Biding my time  
Out on a line  
Where do we run  
Where do we run  
I know your act  
A mirror broken glance  
I know your act  
A mirror stolen chance  
Where do we run  
Where do we run  
I see your face  
Through a starless sky  
My heart is black  
I know you cry  
Where do we run  
Where do we run  
In this embrace  
I feel you sigh  
I feel the knife  
Buried deep inside  
Where do we run  
Where do we run  
I know your name  
It's burned upon my heart  
I saw your eyes  
Ignite me inside  
Where do we run  
Where do we run

I've seen your past  
It's written here in blood  
Here in your face  
A moment we can trace  
Where do we run  
Where do we run  
I see your face  
A desert I'm inside  
Lost in your eyes  
Where I can hide  
Where do we run  
Where do we run
