Just save your best defenses  
All your words and misconceptions  
This isn't a game, I'm taking away  
Every promise that you ever stole from me

Just let the headphones sing you to sleep  
I hope our memories are haunting your dreams  
You're not that smooth, now honey  
Let's not pretend  
Mistakes like you will never happen again

I hope you cry when you see me stand alone without  
you  
I think I'm better on my own  
I wear my heart on your sleeve,  
So say goodbye to everything  
No matter how you try you'll never forget me

Just let the headphones sing you to sleep  
I hope our memories are haunting your dreams  
You're not that smooth, now honey  
Let's not pretend  
Mistakes like you will never happen again

I hope you shake  
I hope your body trembles  
You'll never forget me  
(Tonight is the night, I'll let the melody sing my  
goodbyes)

You left me broken  
You left me begging for each breath  
How does it feel to be alone?(How does it feel to be  
alone?)  
You left me broken  
You left me begging for each breath  
How does it feel, feel to be alone?(How does it feel to  
be alone?)

Just let the headphones sing you to sleep  
I hope our memories are haunting your dreams

You're not that smooth, now honey  
Let's not pretend  
Mistakes like you will never happen again

You left me broken (Tonight, tonight)  
You left me begging for each breath  
How does it feel to be alone?(How does it feel to be  
alone?)  
You left me broken (Tonight, tonight)  
You left me begging for each breath  
How does it feel, feel to be alone?(How does it feel to  
be alone?)
