"Lovely Little Swan"

I'll come 'round, if you come over to our way of thinking
Light blue vision on the open sea, drifting and listening
On the open sea, my little swan
Good-bye my little swan
I hope you won't forget, stop to recollect too long
I'll come over if you come 'round to our way of thinking
Light blue vision, calm and dreaming on the open sea
Farewell my little swan
You don't want to forget, stop to recollect too much

You have a lovely mouth
You have a lovely height
You have a lovely stomach
You have a lovely psyche
You have a lovely mouth
You have a lovely height
You have a lovely stomach
You have a lovely psyche
Psyche, psyche

Stop coming back
Keep coming back
Just to mess me up like that
My little swan, my epicenter

Good-bye my little swan
I know you won't forget, stop to recollect too long
One day, my little swan
