You had the worst of me,  
Honest to god how did you say?  
Inside was begging for love of my arms,  
Wouldn't show as,

Don't let go,  
I beg you please...  
As I were dying a few left me  
I'm sorry for, the things I've done  
But look at who, I've become, for you,

Honey I wait for you  
For you  
Honey I wait for you  
For you

These lonely nights are calling,  
Here as the stars are falling down.  
Around your life,  
I wait for you tonight.

These armies can never reraise,  
The two set stain, (in) your pillowcase,  
Please say forever, I'll make you deserving  
Please know these lessons, Yet silence still loves me  
I'll mend all these pieces of heart back together  
With each passing second and every hour,

I wait...  
Honey I wait for you  
For you  
Honey I wait for you  
For you

These lonely nights are calling  
Here as the stars are falling down  
Around your life  
I'll wait for you tonight

These lonely are calling  
Here as the stars are falling down

Around your life  
I'll wait for you tonight

You got away  
To make it worth your while  
Don't turn away  
If you got something to say

You got away  
To make it worth your while  
Don't turn away  
If you got something to say

These lonely nights are calling  
Here as the stars are falling down  
Around your life  
I'll wait for you tonight

These lonely nights are calling  
Here as the stars are falling down  
Around your life  
I'll wait for you tonight.
