So who am I?
To tell you who you are
Who am I?
To say you're not worth more

You've got something
That makes you worth so much
I never told you what I thought
And now I've missed out on us

Cause I believe in you
Yes I believe in you,
And I believe in you
Yes I believe in

Don't stop to be what they believe in
Don't hold your breath
Don't count your blessings
Don't stop just live for lack of meaning
Don't take one step
Unless you're ready

Who am I?
To say I loved you first
And who am I

To say I need you worse

I said some things
That I can never take back
I always told you what I thought
And now I've missed out on us.

Don't stop to be what they believe in
Don't hold your breath
Don't count your blessings
Don't stop just live for lack of meaning
Don't take one step
Unless you're ready

I'm calling him to be a better man
I'm calling him to always hold your hand

Iâ€™m asking him to look you in the eyes
And tell you that he loves you more
With every day and every night
