So kiss my lips again tonight
You'll watch me die a thousand times
Your story ends with my demise
Can this end peacefully sit tight?

What I wanted and what you wanted
We never could agree in your life, so tonight.
What I won't do or what you should do
You're never dancing with me, all night.
So tonight I say goodnight

What happens when you die alone?
Just leave no mark and no one knows
You've got no place in life to go
In death will angels take you home?

I sat and waited up for you
Apparently you loved him too
This night was meant to be our night
Tonight I'll burn your lovely lies

What I wanted and what you wanted

We never could agree in your life, so tonight.
What I won't do or what you should do
You're never dancing with me, all night.
So tonight I say goodnight

So kiss my lips again tonight
You'll watch me die a thousand times
Your story ends with my demise
Can't this end peacefully, sit tight.

I sat and waited up for you.
Apparently, you loved him too.
This night was meant to be our night.
Tonight I'll burn your lovely... lies

What I wanted and what you wanted
We never could agree in your life, so tonight.
What I won't do or what you should do
You're never dancing with me, all night.

So tonight I say goodnight
