I'm raining on the outside, but it burns inside my heart
I guess I left behind a few good friends,
A few good times I'll remember the parties
I'm so sorry
How can I push this past?
When my uncertain future
seems to hold me back.
And if I decide to go home,
Would you even want me back?
You wouldn't want me back

One Chance, One Time
Two days, three nights
Let's make this last forever!
Three words, too late,
Too soon? I'll wait,
For the sake of everything
Let's go together

I'm pouring out my insides
I'm waiting for you outside
There's no need to apologize
I guess I left behind a few good times
A few good friends on Friday nights
Everything gets lost in time
I'll never forget you,
And you'll never remember me
In our memories,

How can I push this past?
When my uncertain future
seems to hold me back.
And if I decide to go home,
Would you even want me back?
You wouldn't want me back

One Chance, One Time
Two days, three nights
Let's make this last forever
Three words, too late,
Too soon? I'll wait,

For the sake of everything
Let's go together
