There's stars in my eyes.
And I'm not sorry
I can't pretend anymore
(I'm not okay this way.)
What a tangled web we've weaved
To live this life or live these dreams
And never look back
Never look back

I'm not picture perfect mirror
Life reflects merely memories
You're not picture perfect either
(tell me what you see in me?)
I promised myself more than this
Regrets and broken promises
Never look back. Never look back

Step into my story
Are years of regret
And broken promises
I've promised myself more than this
To live our lives or live these dreams
It's not as easy as it seems
To float on this lonely cloud.
I won't stop till I've made myself proud.

I'm not picture perfect mirror
Life reflects merely memories
You're not picture perfect either
(so tell me what you see in me)
I promised myself more than this

Regrets and broken promises
Never look back. Never look back

What's left to live by?
The story's been passed by
The pictures, and past times
Is what's left of my life?
(Broken Promises)

Would you believe a word I said?

If I told you this is the best of me.
So close your eyes and take two steps
Come fight the good fight come with me
Do you believe a word I said?
If I told you this is the best of me.
So close your eyes and take two steps
Come fight the good fight come with me

Iâ€™m not picture perfect mirror
Life reflects merely memories
Youâ€™re not picture perfect either
(so tell me what you see in me)
I promised myself more than this
Regrets and broken promises
Never look back. Never look back

Whatâ€™s left to live by?
The storyâ€™s been passed by
The pictures, and past times
Is whatâ€™s left of my life?
