I have been alone on this road, and my empty hands  
have nothing to show,  
Will you be my piece, when my heavy heat holds no  
hope

Lately I've been struggling  
Just to see your face  
And everything I reach out for,  
Slowly slips away

I was told, these days would come  
And I thought I could face them  
But I am nothing without you,  
I am nothing without you

Are we sinking in the waves  
And everything that we have known  
Has slowly washed away  
Please take this away from me  
Cause I can't bear the shame  
Of knowing I have failed  
Of knowing that I've caused all this

You promised me a love  
A love that knows no end  
And forgiveness as white as this ocean of  
Selfishness that I'm drowning in

And I know that I am called to stand  
Against all these struggles  
But I am nothing without you,  
I am nothing without you

So I can't help but question  
What will become of me  
And this darkness is all I see  
Is this darkness,  
All that I can be

Are we sinking in the waves  
And everything that we have known  
Has slowly washed away

Please take this away from me  
Cause I can't bear the shame  
Of knowing I have failed  
Of knowing that I've caused all this

Truly we have found our darkest days  
And we're forced to live with our mistakes  
But with every passing moment,  
This darkness is overtaking me  
With empty hands I'm reaching out  
Is there any hope left for me

It is your hands that carry me  
It is your voice that spoke of a love I never knew  
It is your grace that fills me  
It is your love that sustains  
If there is hope, there is you

It is your hands that carry me  
It is your voice that spoke of a love I never knew  
It is your grace that fills me  
(Is there any hope left for me)  
It is your love that sustains  
(Is there any hope left)  
If there is hope, there is you  
(Is there any hope left for me)
