"Alone"

Yeah yeah oh oh
This empty room, it fills my mind
Freedom it leaves me confined
Every single bone has cracked
What in this life you can't turn back

I don't want to live
I don't want you to live here alone
Alone, alone, alone

As these words part with my tongue
I question why they've even sung
I promise but I lie
I don't even know myself inside

I don't wanna be
I don't wanna be here alone
Alone, alone, alone

Today and tomorrow have become, become one
Every single thing has become none
Human nature is a beast
What I've done most to show I have the least

Please don't leave me here
Please don't leave me here
Don't you leave me alone
Alone, alone, alone
