Let us burn one from end to end
And pass it over to me, my friend
Burn it long, we'll burn it slow
To light me up before I go

If you don't like my fire
Then don't come around
'Cause I am gonna burn one down
Yes, I am gonna burn one down

Now, now my choice is what I choose to do
And if I'm causing no harm, why should it bother you
And your choice is who you choose to be
So if you're causin' no harm, you're alright with me

If you don't like my fire
Then don't come around
'Cause I'm gonna burn one down
Yes, we are gonna burn one down, down, down, down

Herb, the gift from the earth
And what's from the earth is of the greatest worth
So before you knock it, you try it first
Oh, you'll see it's a blessing, it's not a curse

If you don't like my fire
Then don't come around
'Cause I'm gonna burn one down
Yes, we are gonna burn one down, down
