This swing set on top of a hill overlooks everything  
thats gone wrong and time stands still  
A bitter pill wont swallow too much of a hassle. My pride  
wont fit inside that little castle on the mantle I  
stare at the frame at the picture I look at myself and  
wonder why I still miss her thats the kicker off the  
Richter, the earth shakes, I let my legs dangle back and  
forth.

Forth and back break. Heavens sake, how longs it  
usually take to let the pain pass to reverse the ache?  
Theres no movie no song no person thats got it  
right, and every case is different, well I guess thats  
life.

I let her walk the walk she always talked the talk but  
never really said a damn thing I was lost I guess I still  
am but Ill figure it out on a swing on a hill underneath  
the clouds (yeah get down)

Get up get up  
Get up get up and get down  
Get up get up  
Get up get up and get down  
Get up get up  
Get up get up and get down  
Get up get up  
Get up

I always wait for calls and never pick up the phone  
cause when I see that its you I know its just bad news I  
think its right what you said that were better off dead. I  
need an umbrella for all the rain checks you left. Girl I  
wish you the best in truth I really do youre so attracted  
to money cliché and tattoos I dont have to be  
smooth drop hints and leave clues I dress in cardigans  
now since Im such a love fool

Romeo remembers Juliet forgets it was a double  
suicide on the day that you left spring flew past  
summer came too fast but its like I was right cause you  
miss my ass  
I let you walk the walk you always talked the talk but

never really said a damn thing I was lost I guess I still  
am but Ill figure it out on a swing on a hill underneath  
the clouds (yeah get down)

Get up get up  
Get up get up and get down  
Get up get up  
Get up get up and get down  
Get up get up  
Get up get up and get down  
Get up get up  
Get up

I feel the puff in my right eye punch me in the face last  
lips spoke and left me with a bad taste from the bagel  
shop to the rings at Big Lots drawings on your arm  
never got to meet your pops it helps me to know that  
you can move on so fast doppelganger to a beast and  
my hearts like glass. I could blame it on your age, the  
words on your page, or the way that your arms  
felt loose on my frame.

Dont wanna do it anymore my presence is a burden. I  
wanted to talk fix whatever wasnt workin but your  
chickenshit spineless as jellyfish you took the easy  
road out and wonder why Im not around  
I let you walk the walk you always talked the talk but  
never really said a damn thing I was lost cause  
youre chickenshit spineless as jellyfish you took  
the easy road out and thats why Im not around so get  
down

Get up get up  
Get up get up and get down  
Get up get up  
Get up get up and get down  
Get up get up  
Get up get up and get down  
Get up get up  
Get up

And is that what you call a getaway? Tell me what you  
got away with. Ive seen more spine in jellyfish, Ive seen  
more guts in 11 year old kids have another drink and  
drive yourself home. I hope theres ice all on the road to  
make you think of me when you forget your seatbelt  
and when your head goes through the  
windshield
