Pumpkin pie had to eat it down a riverside  
Nine oh nine, never thought it'd be a good time  
Thorn in my side, assisted by the mouse  
She needs a big bed and I sleep on the couch  
No doubt I gave my pickle, from third to home play  
Has me reaching for my pistol with plans to masturbate  
No way not again next lover to best friend  
So I sit with a pen, my only method to defend  
In this universe, two souls collide  
One came from Neptune the other came from Irvine  
Dust from the sand dunes can't read the signs  
Hands off bitch these nachos are mine  
Greased up and she's slippin it through my fingers  
I play guitar and she'd rather do the singer  
Send your hand in the air I gotta make a toast  
To hiphop, fresh beats and my new vocal coach

Where do we go now she said we had to slow down  
Could it be love or just delirious me  
Where do we go now she said we had to slow down  
Heart locked down but I think I got the key  
Where do we go now she said we had to slow down  
Is it true love or just delirious me  
Where do we go now she said we had to slow down  
Heart locked down and I hope I got the key

We like to scuffle in bars, fight like retards  
Sing outta key and karaoke in my car  
But I keep it real, real boring in the back  
See she tastes like cigarettes, and I taste like coffee  
Or make that a (?) ice vanilla soy chai  
Ok I like bitch drinks, but it does taste nice, RIGHT  
Back up off me you're in myspace  
Get it, get it, you're in myspace  
Forget the bad jokes,  
Leave a comment with some hearts  
Drinkin diet cokes learnin how to play darts  
She sharpens the arrows digs them into my skin  
Then reminds me that she misses her ex boyfriend?  
Hold up what the hell girl ain't that me  
Oh yeah we never dated, just played tonsil hockey  
Guys are morons she hates them so much

Well then later Iâ€™m gone peace out and good luck

Where do we go now she said we had to slow down  
Could it be love or just delirious me  
Where do we go now she said we had to slow down  
Heart locked down but I think I got the key  
Where do we go now she said we had to slow down  
Is it true love or just delirious me  
Where do we go now she said we had to slow down  
Heart locked down and I hope I got the key

I havenâ€™t seen her in a while, ima pay her a visit  
It might cost a smile but itâ€™s worth the bullshit  
Like endless lines of sexual distress  
Snort emâ€™ up proud while I watch her undress  
Girl let it hang out, help me get these pants down  
Oh it ainâ€™t like that? I didnâ€™t mean to clown  
But this paints drippin off my face and onto the floor  
Aight, aight, Iâ€™ll see my way out the door  
Scoreboard reads loud losin 50 to nill  
Yo my back hurts and Iâ€™m outta pain pills  
And weâ€™re all outta pop, gotta stop by the store  
Whyâ€™s my back sore?  
Seats donâ€™t recline anymore  
Sorry to balude  
But itâ€™s something that I do  
Stepping up the ladder, but she lost the screws  
And I tripped, Iâ€™m fallin into love sick  
Folisy  
Cause she keeps callin me and Iâ€™m getting kinda  
horny

Where do we go now she said we had to slow down  
Could it be love or just delirious me  
Where do we go now she said we had to slow down  
Heart locked down but I think I got the key  
Where do we go now she said we had to slow down  
Is it true love or just delirious me  
Where do we go now she said we had to slow down  
Heart locked down and I hope I got the key
