You said it wouldn't work (why not?)
I'm not going to take that again
The beauty of people's politics emodied in
Now I got to, we all got to, aregato
Keep on singing x4

Deep inside these streets
Something exists inside these walls
And I believe I finally laid my feet upon something thats
real

Oh yeah, come on
Oh yeah
Keep on singing
She said never surrender x3

It's time to take a stand
We're going to make it woah
Yeah baby take my hand
We're going to make it woah
An anarcho-communist said his name was Favio
She was anti-facist and from their smile you'd never
know
We're going to make it woah
This machine kills culture
Progress is tearing us, not the way it should be, just the
way it is
