No release now  
No release now  
No release now  
No release now  
Pain and death  
Hate and fear and despair  
Wait for you when you get there  
You have no mercy  
In your lust for power  
You fight and kill  
And trample on the flowers  
Still pushing forward  
Wanting more and more and more  
This is your direction  
This is your belief  
This is your direction  
This is your belief  
You don't look back on love  
That you destroyed  
You break their hearts  
And throw into the void  
Lady Macbeth - you're not the only one  
Lady Macbeth - with stained hands  
Lady Macbeth - you're giving only pain  
Lady Macbeth - takes more everyday  
More and more and more  
Than he could give  
More and more and more  
No matter price  
More and more and more  
Than all the world  
Still more!  
Some day soon  
You'll stand before the mirror  
And you'll realize  
That you're lonely  
You'll be left  
With bloody nightmares only  
All the faces from the past  
Will haunt you  
And no water will remove this stain  
From your trembling hands

Your trembling hands  
Your trembling hands  
Your trembling hands...
