I can't sit back and watch  
You jump in the deep end  
With him as your oxygen  
'Cause it's a long way to fall  
When you sink to the bottom  
Hoping he'll change again

You're drowning in tears  
And how can you breathe  
Underwater  
Believe those lies much longer  
He cheats you, deceives you  
With heavy hands he holds you  
So cold, with a heart of fool's gold  
Caught in the undertow

You'll always be the one  
To say there's no black and white  
Well I must be colour blind  
'Cause it's a long way to fall  
When you sink to the bottom

You're drowning in tears  
And how can you breathe  
Underwater  
Believe those lies much longer  
He cheats you, deceives you

With heavy hands he holds you  
So cold, with a heart of fool's gold  
Caught in the undertow

And I know it's hard  
To see through it now  
'Cause he says he'll change  
As he's pulling you down

Underwater  
Believe those lies much longer  
He cheats you, deceives you  
With heavy hands he holds you  
So cold, with a heart of fool's gold

Caught in the undertow

I can't sit back and watch  
You jump in the deep end  
With him as your oxygen
