You don't hear your intuition, 'cuz it says:  
You ain't no follower, and it says:  
You ain't no yellow-belly, and it says:  
You ain't no broken horse, and it says:  
You are here to take the punches one by one  
You're here to learn your lessons one by one  
You're here to peel the layers off one by one  
By one by one by one by one.

You don't hear your intuition, 'cuz it says:  
You were blessed with sensitivity, but it says:  
You can't fly with such a heavy heart, heavy heart  
You gotta do what must be done so learn to do it with  
some melody, melody.  
You are here to let the cards fall one by one  
You're here to let your walls down one by one  
You're here to peel the layers off one by one  
By one by one by one by one

If you keep tryin' to fill your holes with the next best  
thing  
Well then the next best thing will give you more and  
more holes  
Keep tryin' to fill your holes with the next best thing  
And the next best thing will give you more and more  
holes  
You were better as a simple one, simple one  
Yeah you were better as a simple one, simple one  
So peel your layers off one by one by one  
Peel your layers off one by one by one  
Peel your layers off one by one by one  
By one by one by one by one
