I'm alone, I'm alone at a party  
In a ghost town, yeah  
Are you there, are you there anybody?  
'Cause I feel a bit down, yeah

There is God, there is God in the secrets that you tell  
me  
Truth has a beautiful sound, yeah  
We will get, we will get what we're deserving  
'Cause it all comes around, yeah

I'm alone, I'm alone at a party  
In a ghost town, yeah  
Are you there, are you there anybody?  
'Cause I feel a bit down, yeah

There is God, there is God in the secrets that you tell  
me  
Truth has a beautiful sound, yeah  
We will get, we will get what we're deserving  
'Cause it all comes around, yeah

There is hope, there is hope in the worms and the  
maggots  
'Cause they're breaking it down, yeah

There is love, there is love in the things that you're  
seeking  
And the things that you've found

I'm alone, I'm alone at a party  
In a ghost town, yeah
