Clip-clop happy horse  
Giddy-up away from no-no-no  
Into ya-ya-ya

Slush-slush life boat  
Float me away from no-no-no  
Into ya-ya-ya

And I've sailed through hurricanes with just a wooden  
plank and a smilly face  
And it took me somewhere that I don't know

And I'll not be stranded here this time 'cause I've found  
escape is a state of mind  
And I'm going somewhere that I don't know  
That I don't know  
No-no-no

Strum-strum giddy guitar you're my life line  
My happy-happy  
My ya-ya-ya

Strum strum giddy guitar  
Take me somewhere that I don't know  
Strum (X8)  
Take me somewhere that I don't know  
Where they sing "ya-ya-ya" (X4)
