We saw a ghost inside our house  
Or was it wishful thinking  
Oh god, don't leave us by ourselves  
Or we're bound to take up drinking

Please send us a miracle  
So I know that there is meaning  
Except I think that it's a miracle  
Just to be breathing

So live on  
Baby live on  
Live on  
Baby live on

Packed up my clothes  
In a grocery bag  
I'm going to find the creator

An old man in the clouds  
Or a happy little alien  
Whoever it is  
I need to thank her

And even though I don't know god  
I'm happy with the mystery  
And I'm certain that I feel it  
Every time that you sing to me

In songs  
Life is like a song  
It's a song  
A humble song

I watched you sleeping until five am  
Cause I want to be part of your dreaming  
Oh love, don't leave me by myself  
Or I'm bound to lose my meaning

We'll start a little family  
And call it our religion  
Hunt for ghosts inside our house

Because we'll never give up wishing

That we live on

Baby live on

In our song

A humble song
