You have precious little mind  
You paint a perfect little rainbow  
You will make this right  
You have the will of a volcano

You have precious little mind  
You paint a perfect little rainbow  
You will make this right  
You have the will of a volcano

Oh no

You have precious little mind  
You paint a perfect little rainbow  
You will make this right  
You have the will of a volcano

No

You have precious little mind  
You paint a perfect little rainbow  
You will make this right  
You have the will of a volcano

You have precious little mind  
You paint a perfect little rainbow  
You will make this right  
You have the will of a volcano

You have precious little mind  
You paint a perfect little rainbow  
You will make this right  
You have the will of a volcano
