Wingless wasp, the velvet ant.
The cow on slanted land settles
to the lower most corner of the pen.
Chicken wire and it's either side imprisonment,
and the windows all stacked up under the farm barn
awning.

Two small girls and a handful of dressed men

walk a cage full of goats across a basketball court,
goats with rectangled pupils.

A rattle snake caught in a wheel well.
Strawberry in an ostrich throat.

All this and more at a Pyramidi video shoot.
