Waking up to another day,
Feeling thrilled and watch the come everything so rise
uh
A pleasant feel I'll... consciousness correct behaviour
Embrace the world it's yours to love
No more crying, no denial,
No more lying, life's too precious
All you need is too keep mush smiling

Share your energy
Risin fallin makes you stronger
Don't ever give it up tryin
King of your life share your energy
King of your life
Never refuse your dreams

This is the sound light cover the ground
Soft and breeze made you feel enlightened
Who you are the lover of life share your energy

Risin fallin makes you stronger
Don't ever give it up tryin
King of your life share your energy
King of your life
Never refuse your dreams

Don't ever give it up
Try to be king of your life
Share your energy
To the world

Risin fallin makes you stronger
Don't ever give it up tryin
King of your life share your energy
King of your life
Never refuse your dreams,
Go!
Risin fallin, risin fallin
Waitin up, waiting up
Share your energy
Never refuse your dreams
