Anna, when I'm with you  
I can hardly hold my fire  
Anna, tender moments  
That are always gonna take us higher

You're still in bed  
While I'm fixing some coffee  
I look at you in the morning light  
And I see  
You've kicked away  
The covers and your hair is a mess  
And I snuggle close and kiss your nose  
While you sweetly mumble yes

(Chorus)

We cuddle up and softly you start talking  
I crack a smile  
Because you can't help yawning  
But this is Sunday  
So we don't really have a lot to do  
So we get back between the sheets  
And make love 'till high noon

(Chorus)

We huggle close together  
And we talk of this and that  
And then I know that you love me so  
And it makes me glad
