She looks like a statue
Cut out of stone by some great artist
But she's a killer
With many names on her deadlist
But if you really want to give her a try, go ahead
Though I think you'd better try to cool down instead
Come buy me a drink
And forget about her
Because
(Chorus)
She's after me and I'm frightened to death
That lovely lady's put a price on my head
Don't see no reason why she's after me
All of my life is in jeopardy
She's had a lot of men, she tore them apart
She didn't let them be
No, she's a killer
And you'll be the next on her deadlist
And if you really want to give her a try, go ahead
Still I'm sure you'd better try to cool down instead
Let's go for a drink and forget all about her
Because
(Chorus)
