"Blue Skies"

Visit "[Blue Skies](#)" on MotoLyrics.com

the day i saw you the skies turned blue
everything i thought about was you
and when you went away
i didn't know what to do

i put my shirt on when it gets dark
go looking for you in the park

why couldn't i make you stay here
i wanted to tell you how i feel
things could have been so easy then

chorus
now i know just what to do
to make this story continue
i will try to act my best with you
so i can see you on wednesday too

tuesday mornings i go to the sea
there is a place where i love to be
i hope you will be there
and i will be there too

chorus
now i know just what to do
to make this story continue
i will try to act my best with you
so i can see you on wednesday too

now i know just what to do
to make this story continue
i will try to act my best with you
so i can see you on wednesday too
