alison, i've been giving you quite some time  
and given time, don't you think that i deserve some?

please give in  
cause i've been waiting  
please give in  
cause i've been wasting away

now i feel i'm stuck in between  
it's a shame that you won't come  
close to me

alison, sometimes i think you'd rather let me go  
and given that, don't you think i ought to know

please give in  
cause i've been waiting  
please give in  
cause i've been wasting away

now i feel i'm stuck in between  
it's a shame that you won't come  
close to me  
a substitute for love, desperate needs  
maybe this is all  
this is me
