"Friends And Lovers"

Visit "[Friends And Lovers](#)" on MotoLyrics.com

friends and lovers are gone
and then your parents change into teachers
do you think they would let you know
if anything's wrong?

if you rise you fall again
it's bad from time to time
and i say it as a friend
your only friend

now's the time to grow cold
as days go on and on with no reason
lock yourself in and stay inside
never go out

if you rise you fall again
it's bad from time to time
and i say it as a friend
your only friend
