"I Guess I Was Wrong"

Visit "[I Guess I Was Wrong](#)" on MotoLyrics.com

you and me on a sunny summer's day
well it was easy to get carried away
as we talked about such things
that people do

i never thought about it as love
but i couldn't help feeling sad
as you said that you were leaving

chorus
and now summer's almost over
i can't stop thinking of you
i thought our love would be dead gone
but i guess that i was wrong

i remember cycling to the sea
well it was only you and me
i said that this will last forever

chorus
and now summer's almost over
i can't stop thinking of you
i thought our love would be dead gone
but i guess that i was wrong

chorus
and now summer's almost over
i can't stop thinking of you
i thought our love would be dead gone
but i guess that i was wrong
