well i had a lot to offer
but not for you
i didn't dare to break up
instead i made you blue

and i have come to say
that i don't want you
i just have to say that i'm tired of you
and the things i'm saying

chorus
it was never intended to be
a relationship for me
i never wanted to see you
all the time
and look how it turned out

i said some stupid things
but they were true
and to try to say i was sorry
was all that i could do

i don't care whatever you said
that was long ago
i don't want to hear
anything more about us

chorus
it was never intended to be
a relationship for me
i never wanted to see you
all the time
and look how it turned out

and now i'm hardly there
you can't even bear
to think about it
and i don't really care
about our loveaffair
i won't miss you
