it's saturday  
so you're going out  
you're going out without much in sight  
when all stand still  
you just can't go home  
you're staying out til the morning comes

hey you  
what's that you're saying?  
it's the club 8  
who's gonna be playing here

hey you  
stop that singing  
cause the club 8  
is all there needs to be

it's saturday  
so you're going out  
you're going out without much in sight  
when all stand still  
you just can't go home  
you're staying out til the morning comes

hey you  
what's that you're saying?  
it's the club 8  
who's gonna be playing here

hey you  
your sound's a disaster  
won't you please step  
out of the way for me

it's saturday  
so you're going out  
you're going out without much in sight  
when all stand still  
you just can't go home  
you're staying out til the morning comes

take your time  
drink your wine  
i don't care where you're going  
if music's fine  
i don't mind  
if all those people are showing off
