waiting for the big fall
to take us all
quiet nights and desperate love
we need it all

spring came
rain fell
we ended up nowhere
then june came
sun shone
are we still nowhere?

someone come and take me away
no need to stay
when life itself is making you old
just take my soul

spring came
rain fell
we ended up nowhere
then june came
sun shone
are we still nowhere?

if you want me now
you don't have to try so hard
if you want me now
you don't have to try at all

spring came
rain fell
we ended up nowhere
then june came
sun shone
are we still nowhere?
