"The Best Of Seasons"

i should have saved your loving for a rainy day
but i didn't know
cause you didn't show me anything

i was happy (when i saw you)
you were cooler (how was i to reach you)
so much trouble (that i went through)
to be me

chorus
in the best of seasons
my behaviour
should have saved you
for the best of reasons
your advantage
grew bigger
and i can't help it

i could have acted different in so many ways
the things you forgot, they meant a lot to me

i was happy (when i saw you)
you were cooler (how was i to reach you)
so much trouble (that i went through)
to be me

chorus
in the best of seasons
my behaviour
should have saved you
for the best of reasons
your advantage
grew bigger
and i can't help it
