i don't want to be  
on the loser side  
i want the strong one  
to be me

at times i felt certain  
still i said that i was sorry  
but i won't take it  
not again

chorus  
well i found  
i can replace you  
yes i found  
you're just a habit that i can get rid of

he's asking for favours  
i say no  
says he's lonely in daytime  
well i know

at times i felt certain  
still i said that i was sorry  
but i won't take it  
not again

chorus  
well i found  
i can replace you  
yes i found  
you're just a habit that i can get rid of

chorus  
well i found  
i can replace you  
yes i found  
you're just a habit that i can get rid of
