D
Most of my nights these days I hate myself
G D
Letting you walk out of my life
D
Haunted by knowing that I could have made you stay
G Asus A
I had to save my foolish pride
Em
I watched you go
D
Said life goes on
G Asus A
This ache in my heart proves me wrong
G
The funny things is
D
I'd get down on my knees
A
To beg you forgiveness
D
And Have you back with me
G
The funny thing is
D Bm A G D
And what's so sad it took losing you to see what I had
D
Wish I had a dime for everything I wish I said
G D
Every little things I wish I'd done

D
It's like a bad dream admitting where I went wrong
G Asus A

One that I never wake up from
Em D
And every tear I watched you cry
G Asus A
Was the chance I had to make it right
G
The funny things is
D
I'd get down on my knees
A
To beg you forgiveness
D
And Have you back with me
G
The funny thing is
D Bm A G D
And what's so sad it took losing you to see what I had
