"Only The Rain"

Visit "[Only The Rain](#)" on MotoLyrics.com

it's midnight and the stars
and the bright lights
shine on to my wall
and in a distant bar
someone's blowing
a blue serenade
but only the rain
will stay with me tonight
only the rain
and only the rain
will keep me company now
since you went forever
I've been around
and around all the bad times
that you cried in my arms
that night you never came
out on the old lines
thought I head your train
now only the rain
will play its song for me
only the rain

will keep me company now

till I get my feet back

on the ground
