"Ghosts Just Wanna Dance"

Night falls on a spooky scene,
Deck the icy halls of black and green,
As the shadows rise here on Penguin Isle,
From the darkness there's a distant scream,

Whoa, that sounds like it's getting closer!
Drums are getting louder, bass is getting lower,
When the shadows spin, you'll be joinin' in,
But first you gotta find the key

Who knows what is behind that door?
Creeping up on the floor

We're not here to freak you out, we just came to shake
it down,
Oh, oh, oh, oh, oh, flip up your hands,
The ghosts just wanna dance,
Only want to haunt your igloo,
Give you chills and party with you,
Oh, oh, oh, oh, oh, flip up your hands,
The ghosts just wanna dance

There's music seeping out of every room,
Follow the noises down,
Inside the gloom,
Frozen still in fright, like in out of sight,
Of a penguin dancing on a tomb

Who knows what is behind that door?
Creeping out on the floor

We're not here to freak you out,
We just came to shake it down,
Oh, oh, oh, oh, oh, flip up your hands,
The ghosts just wanna dance.
Only want to haunt your igloo,
Give you chills and party with you,
Oh, oh, oh, oh, oh, flip up your hands,
The ghosts just wanna dance

All the ghosts are getting crazy,

But they're not here to scare you,
Just to haunt the dance party,
Every puffle is there who came to get their creep on,
So I'm spinning this song,
So get your spooky spooky voices as you're singing
along

Aaaaaah, aaaaaaah! Aaaaaaah aaaaaaaaah!!!!!!!!!!!!!!

We're not here to freak you out,
We just came to shake it down,
Oh, oh, oh, oh, oh, flip up your hands,
The ghosts just wanna dance,
Only want to haunt your igloo,
Give you chills and party with you,
Oh, oh, oh, oh, oh, flip up your hands,
The ghosts just wanna dance,
The ghosts just wanna dance,
The ghosts just wanna dance!!!!
