Tough to beat when you're down on your knees  
Wishing, hoping  
Save a seat for the wounded beat  
Listening, listen to your heart

Don't try to to settle down  
Don't ask yourself why I don't let me down  
To say what's on your mind  
Once inside

Open up your mind  
Open up your eyes  
To the city lights  
Tonight's gonna be alright  
One left try

One last shot for the lonely heart

Tough to beat when you're down on your knees  
Wishing, hoping  
Save a seat for the wounded beat  
Listening, listen to your heart

Don't back down when your heart's on the line  
Wishing, hoping  
Don't let your mind turn you inside out  
Listen, listen to your heart

It's all been done before  
You live and you learn but you want more  
Tough breaks when stakes are high  
But you won't back down, not this time

Tonight  
Open up your eyes  
To the shadow lights

Tonight's gonna be alright  
One left try

One last shot for the lonely heart

Tough to beat when you're down on your knees  
Wishing, hoping  
Save a seat for the wounded beat  
Listening, listen to your heart

Don't back down when your heart's on the line  
Wishing, hoping  
Don't let your mind turn you inside out  
Listen, listen to your heart

You gotta listen to  
You gotta listen to what you're feeling  
Don't let your mind turn you inside out  
You gotta listen, listen  
You gotta listen

Tough to beat when you're down on your knees  
Wishing, hoping  
Save a seat for the wounded beat  
Listening, listen to your heart

Don't back down when your heart's on the line  
Wishing, hoping  
Don't let your mind turn you inside out  
Listen, listen to your heart
