In room 1023,

if you could only know what you're about to see

you will be ready for what comes to be,

yeah, what comes to be.

You will walk and you will fly, you won't stop to

question why,

and you will learn, and you will grow, it doesn't matter
where

you go

You will float on down the road, and you'll be

dreaming as you float,

holding everything you need in your arms.

Well you're on the road,

living life like you have never lived before,

and you won't let nothing hold you in,

on your way to freedom.

and You will walk and you will fly, you won't stop to

question why,

and you will learn, and you will grow, it doesn't matter
where

you go

and You will float on down the road, and you'll be

dreaming as you float,

holding everything you need in your arms.

In room 1027, you'll discover heaven,

she'll be like nothing you've ever seen,

like you've never seen.

and You will walk and you will fly, you won't stop to

question why,

and you will learn, and you will grow, it doesn't matter
where

you go

You will float on down the road, and you'll be

dreaming as you float,

holding everything you need in your arms.
