I'll be the one to listen to your radio
I'll be the one to make you go crazy now
We shake it down so come on come on yeah
Oh i'll be the one to listen to your radio

I get stuck between all the things i mean
But i don't think i mean much anyway

I-i-i i have some problems
If you had the answers we could solve 'em
I-i-i i have some problems
If you had the answers we could solve 'em

Pick up the phone, somebody's calling you
Ooooh honey, don't you want me 'round here
We shake it down, so come on come on yeah
Oh i'll be the one to listen to your radio

And i get stuck between all the things i mean
But i don't think i mean much anyway

I-i-i i have some problems
If you had the answers we could solve 'em
I-i-i i have some problems
(that's right)
If you had the answers we could solve 'em solve 'em
solve 'em
Let's solve em (3x)
