That girl, she has me runnin' back and forth and over  
again.

Says she's gonna love me but she just won't tell me  
when.  
She won't ever say, cause she just wants to play. oh,  
She just wants me wantin' her again.

She comes from california so she's got a lot of guys.  
That's where she was born ya, right beneath the ol'  
sunshine.  
I'm a lonely man but she don't understand. no,  
She just wants me wantin' her again.

Oooh, she loves to know  
Oooh, that i need to know  
Oooh, everywhere she wants to go.  
That girl's a crook, she's got my heart in her  
pocketbook.

She don't even wanna be my friend.  
She just wants me wantin' her again.

Oooh, i thought about it  
Oooh, i can live without it  
Oooh, i'm gonna stand up straight.

I'd appreciate all the things she done.  
If that girl was smart she'd be on the run.  
She'd be happy to dig a hole and throw you in.  
She just wants me wantin' her again,  
Just wantin' her again, just wantin' her again.
