After defying the grip of the hangman's noose
And recovering my cognizance
Spun the compass north by northwest
And took liberty out for a long slow dance

Took a good look around, what did I see?
A big red tent and people coming in like the tide of the
sea
I ducked in to catch the shade
Preacher jump up all ablaze

They say, "This year rock is coming back, Jack
White gnashing teeth like wolves in the pack
Carnivorous, no mercy, hon
There's plenty here for everyone, so come, get you
some"

10,000 witnesses, show 'em how it's done, son
Fist full of cottonmouth, rock that podium
Walk on the ashes, no half stepping, kid
Their fans are flashing in expectation
All right now, all right now, all right now, all right

They say, "This year rock is coming back, Jack
White gnashing teeth like wolves in the pack
Carnivorous, no mercy, son
There's plenty here for everyone, so come, get you
some"

While living on the lamb and all cut loose
Number of the saints march on in
Gonna find my executioners
And show them exactly what it means to live

10,000 witnesses, show 'em how it's done, son
Fist full of cottonmouth, rock that podium
Walk on the ashes, no half stepping, kid
Their fans are flashing in expectation
All right now, all right now, all right now, all right

They say, "This year rock is coming back, Jack
White gnashing teeth like wolves in the pack

Carnivorous, no mercy, hon
There's plenty here for everyone, so come, get you
some"
