Airstreams tethered together like silver sleeping oxen  
All the best locations are located on the margins  
Suited for telescoping the interstellar scene  
It's a mean killer in the daylight, but that's life for you  
and me  
It's a reliable source of information.  
Fifty thousand unstoppable watts.

Anthrax, ham radio, and liquor.

What if I told you they been lying  
About that double wide with water rights?  
And now the town cars are back again!  
They sold you some old line  
About the greater good and sacrifice  
Your friends from Langley are back again!  
It's a reliable source of information  
Fifty thousand unstoppable watts.

Anthrax, ham radio, and liquor.  
Coming at you live!

It's just some people can only see the stars  
In the reflection from big black cars.  
It's a reliable source of information  
Fifty thousand unstoppable watts.
