Everything gonna be all right
Everything gonna be all right, yeah
Everything gonna be all right
Everything gonna be all right, yeah

I went deep down into that river now, I rose up
I felt that sun beat down upon this sinner's face, yeah,
yeah

I went deep in that water now, I rose up
I felt that sun beat down upon my face, yeah, yeah

Everything gonna be all right
Everything gonna be all right, yeah, yeah
Everything gonna be all right
Everything gonna be all right, yeah here we go

So the I smash the palace like the son of Samson
Hollerin' louder than all of Bedlam
Take me to higher ground
And bury my body six feet down

And I walked forty miles out into that desert now
Wailed and moaned till a Lion, he called my name,
yeah

And he said that Old Ship of Zion is taking way, way out
Out into outer space, yeah, yeah

And he said everything gonna be all right
Everything gonna be all right, yes
Here we come, here we come, here we come, oh yeah

I climbed the highest of the heights
Atop that mountain I watched the day turn into night

Oh I tell you I was a wretched sight
But I stood long and hard until the light

Rubbing needles in my eyes, eating dirt
I stood up and everything was all right

Everything gonna be all right
Everything gonna be all right, yeah
Everything gonna be all right
Everything gonna be all right, here we go

So the I smash the palace like the son of Samson
Hollerin' louder than all of Bedlam
Take me to higher ground
And bury my body six feet down
