Like Marlon Brando but bigger  
You'll find that creature  
At the bottom of the deep down  
Susquehanna river

This one I had stood right on up to me  
Tore out his hook and declared himself a prodigy  
This one I had it looked bright like a sun  
Went around three times [Incomprehensible]

But oh no, fishin'  
Ain't what it used to be  
I've seen some bad years  
But this one is just killing me

One little nibble in thirteen years  
I really pack 'em in  
This one I had, I seen it in dreams  
All shackled up with lightning and horizon beams

Well, I bring 'em on up and then I pack 'em on in  
In all the places I've been  
And I swear it's never been like this before  
Least not since 19 and 44

But today, I made a sick discovery  
Lead box in Sassafras Cove  
Well, I brought him on up and then I packed him on in,  
oh yes  
I'm really cashin' in

Wash of the Chesapeake and Appalachian Blue Range  
I have discovered the body of John Wilkes Booth  
Yes, it's true, I have Mr. Booth  
Everybody got to make a living somehow

Do I hear a million?

Well, I bring 'em on, up and then I pack 'em on in  
And then I bring up on, up and then I bring 'em on in  
Well, I bring 'em on, up and then I pack 'em on in  
And then I bring up on

And then I bring 'em on in  
And then I bring 'em on in  
And then I bring 'em on in
