One unworthy worker's version on the verge of  
vernacular  
Enter a sour house to do battle with spectacular  
draculas  
Lick tall walls to find them all sweeter than a cane  
Pour the quick elixir in your wounds to ease the pain  
Oh  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Medicine of modern miracles, voodoo to those out of  
focus  
Experts explain experience -- "Hocus pocus, hocus  
pocus!"  
Mouthfuls down in a floating locus, most of us deny  
Medicine of modern miracles, who knew circles with no  
foci?  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Trapped in sap, chambered in a tree  
Shadow of a giant across the centuries  
Bits of shattered glass scattered on the shore  
Break the genie bottle and open up the door  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz  
Ooo, plum been running, buck a doz  
Ooo, smoke banshee's honey bee sting buzz
