[Chorus]

Now I know what to say to get ya hands up
An I know, when ya hear this ya gonna stand up
In the club blowin dro
In the middle of the dance floor
Now everybody let your hands go
Don't hold back, mama move, move
This right here the new groove, groove
So easy, and so smooth, smooth
We can get loose just,
Put down ya drinks so we can two step

[Verse 1]

Hit the club with my stunna's on
Baby I came to party, who ya rubbin on
Rock with me in the comfort zone
You know that one...two step
With the left...right with the rhythm, go
Ya move like ya want it with me
Whether poppin bottles with boys in the V.I.P.
Throwin shots of petron perkin with the p.y.t's
Know they perfect, pimp I ain't searchin
You should know my speed
I got the badess in the spot, with a pimp
He pop rockin an dip with a limp
You know the two step cooler
Got a drink take a sip
An you can snap ya fingers while ya movin to this
Come and holla at me mommy, you hot
Been lookin at cha since ya walked in the spot
I gotta fly spot downtown, oaklan up top
An we can get together after this if ya want

[Chorus]

Now I know what to say to get ya hands up
An I know, when ya hear this ya gonna stand up
In the club blowin dro
In the middle of the dance floor
Now everybody let your hands go
Don't hold back, mama move, move
This right here the new groove, groove

So easy, and so smooth, smooth
We can get loose just,
Put down ya drinks so we can two step

[Verse 2]

If ya with me, ya can feel the groove
Rockin like grown folks from the old school
Clock wasin and an old dew
But I heard I taste good like soul food
I...I came to get my drink on
All the club filled up with women who get they creep on
Wonder how many will fill up into the suite room
Take the handcuff off ya girl she be with me, gone
Ah yeah, outta there blowin some grapes
Now tell the DJ to go look in the crates
Pull them records out
To make ya put that look on ya face
You know that, you know that,
You know that look when ya psyched
Been waitin for this hit cause it's been a long time
Since I got down from the back to the front
Got the whole crowd steppin like
Kelly so come, we get it jumping in the club
But we ain't gotta be done

[Chorus]

Now I know what to say to get ya hands up
An I know, when ya hear this ya gonna stand up
In the club blowin dro
In the middle of the dance floor
Now everybody let your hands go
Don't hold back, mama move, move
This right here the new groove, groove
So easy, and so smooth, smooth
We can get loose just,
Put down ya drinks so we can two step

[Bridge]

Ah, rock with me to the left when ya steppin
Just let ya hands go and just two step
Ah, rock with me to the right when ya steppin
Just let ya self go and just two step
Now just dip, dip, dip, dip
Let ya hands go and just two step
Now just dip, dip, dip, dip
Let ya self go and two step

[Chorus]

Now I know what to say to get ya hands up
An I know, when ya hear this ya gonna stand up
In the club blowin dro

In the middle of the dance floor
Now everybody let your hands go
Don't hold back, mama move, move
This right here the new groove, groove
So easy, and so smooth, smooth
We can get loose just,
Put down ya drinks so we can two step

Just two step,
Just two step,
Just two step,
Just two step...
