Yeah!

Champagne popping, I'm a ballin ass nigga  
Never slow down, ain't no stolen ass nigga  
Always hell of busy, can't call 'em ass nigga  
At the mall ass nigga, polo drawers ass nigga  
Still chasing money, I'm a trapping ass nigga  
When it don't work, make it happen ass nigga  
Wins no losses, I'm a champ ass nigga  
Ain't no random ass nigga, get it, handled ass nigga!

Grateful every morning that the Lord woke me up  
Living every day like my last  
I just want the cars with the door raised up  
Two twenty five on the dash  
Ain't no days off and we grind all year  
Three sixty five on the grind  
Money getting counted, yeah, that's all I am  
Blowing up, smoke in the ride

[Hook]

Champagne popping, we're some ballin ass niggas  
There where we show up, we'll be snatching all them  
bitches  
Everyday we go hard, everybody is a witness  
Every night flashing lights everybody want a picture  
Champagne popping, we're some ballin ass niggas  
Champagne popping, we're some ballin ass niggas  
Champagne popping, we're some ballin ass niggas  
Ballin ass niggas, ballin, ballin ass niggas!

I ain't escaping them products, blowing this for  
manana  
Trying to stack at the same time, escape for your honor  
Do with the drama, just focused on K  
Whole crew is piranhas, and you're looking like bait  
Yeah, I'm focused on power, they say money is the  
source  
Black out on a beat, then we go pop a cork  
Sipping, sipping champagne just to celebrate the game  
Had our ups and downs, but my niggas still remain

Bottle after bottle on the floor thrown up.  
Living every day like my last  
I just want the cars with the door raised up  
Two twenty five on the dash  
Ain't no days off and we grind all year  
Three sixty five on the grind  
Money getting counted, yeah, that's all I am  
Blowing up, smoke in the ride

Champagne popping, we're some ballin ass niggas  
Champagne popping, we're some ballin ass niggas  
Ballin ass niggas, ballin, ballin ass niggas!

Three sixty five stay on the grind  
Money on the table, on my mind  
Smoking on the best shit all the time  
All the time, all the time  
Three sixty five stay on the crime  
Money on the table, on my mind  
Smoking on the best shit all the time  
All the time, all the time

[Hook]
