It's real and you know it's love,  
His & her scrapers, oakland love  
They front but they know wassup  
Ain't no pair cold as us

Girl when I tell you I love you,  
(Yeah yeah yeah babe)  
(talk to me baby...)  
Girl when I tell you I need you  
(I need you to...)  
Cause I want you I love you I need you girl  
Cause I want you I love you can't leave you girl...  
(I love you...)

Can't nobody do ya like me  
Ain't gon neva find anotha quite like me  
A lot of dudes try, but they not like me  
Made ya wifey, now I see why they don't like me  
When I told you I loved you I meant I'm all about you  
Alot of chicks holla but a lot of chicks ain't you  
It's ya world girl, do what you want to  
Long as you know who you comin' home to  
I give you my name, lil man grown ma' I'm done playin  
games  
Picture perfect baby sit on my frame,  
What else can I say,  
Listen to the boy sing...

Girl when I tell you I love you,  
(Yeah yeah yeah babe)  
(talk to me baby...)

Girl when I tell you I need you  
(I need you to...)  
Cause I want you I love you I need you girl  
Cause I want you I love you can't leave you girl...  
(I love you...)

Name anotha boy give you kisses like me  
Name anotha boy stay crisp like me  
Name anotha boy pushin' whips like me  
Cause ain't anotha boy from the? like me  
Take a hit of purple, let yo body free  
Down for tha team girl that's what you gotta be  
Mama from tha O, and a shorty from tha jo  
I'm just playin' with chu girl I know you don't get down  
You gon' keep the goodies tight I know you hold it down  
I know you hate it when I'm workin' and I don't come  
round  
But I know you think it's worth it when my head go down

Ladies if you down for your boy go...  
Ladies if you down for your boy go...  
And if you never let him go say, no...

Let's go

Girl when I tell you I love you,  
(Yeah yeah yeah babe)  
(Talk to me baby...)  
Girl when I tell you I need you  
(I need you to...)  
Cause I want you I love you I need you girl  
Cause I want you I love you can't leave you girl...  
(I love you...)
