When are you hearing the dances this
Send you where the doves fly, pull it, pull it, pull it, pull
it please
Send you where the doves fly, pull it, pull it, pull it, pull
it please
We gonna send you where the doves fly, pull it, pull it,
pull it, pull it please
Send you where the doves fly, pull it, pull it, pull it, pull
it please
You want that, yeah, ok, alright

Me on the block, we got them m16,
They coming from up the block, you see them, here
come the fiends
It's problem where any product meet the laser beams
Light us up now fire up the and you hear is
blocka blocka
Now there's the choppa, choppa
Them cops is the crooked so we shoot at the helicopter
You pushing like here comes the fbi

Now it's the same shit going down here, out there in
the world
And it's the same shit going down there, down there in
the world
You see the locals walking down on the street, she's so
good looking
I'm from the place where pimps on the
Now if you represent the ghetto out here, turn the
music up
Now if you represent the hood out there, turn it up for

Put your motherfucking hands in the air
But beware, cause there's in the
We gonna send you where the doves fly
Send you where the doves fly
We gonna send you where the doves fly
We gonna send you where the doves fly
I'm so fly, you want that, yeah

You see the killers, connected supplying dealers
Walk up in the alley come victims

Block you â€¦ new york city connect forever feel it
That's how I feel it, candy man off in the building
â€¦ project â€¦ taking pictures in the â€¦
â€¦the grand reaper man he ringing the bell
You waking up in the belly of the whale

Now it's the same shit going down here, out there in
the world
And it's the same shit going down there, down there in
the world
You see the locals walking down on the street, she's so
good looking
I'm from the place where â€¦ pimps on the â€¦
Now if you represent the ghetto out here, turn the
music up
Now if you represent the hood out there, turn it up for
â€¦
Put your motherfucking hands in the air
But beware, cause there's â€¦ in the â€¦
We gonna send you where the doves fly
Send you where the doves fly
We gonna send you where the doves fly
We gonna send you where the doves fly
I'm so fly,

You bleed, you bleed, I bleed and I bleed
So why should I fear a man that got a fist â€¦ in his
hand
Bullets, bullets, bullets, bullets
You cry, I cried and I've cried
Every gangster want â€¦ every gangster wanna go
Nobody wanna die, bullet, bullet, bullet
So you can try
We gonna send you where the doves fly
Send you where the doves fly
Bullets, bullets, bullets, bullets
We gonna send you where the doves fly
We gonna send you where the doves fly
I'm so fly.
